

Wentworth Primary Sports Funding Impact 2019-20

Summary – End of term 3

Due to the coronavirus pandemic we were unable to take part in our planned summer term competitions. Clubs were unable to run so it is impossible to be able to track the percentage of children who attended and the percentage of disadvantaged pupils taking part in clubs or competitions.

During lockdown and the partial return to school children who have come back have been able to take part in socially distanced PE lessons (planned by AN) and the daily mile. These sessions are carefully timetabled so bubbles do not mix.

AN our specialist PE teacher is now qualified to teach yoga for children and has written a whole school scheme for all teachers to follow – this will be a big focus particularly in the Autumn term.
