

At Wentworth, we are proud to be recognised with the prestigious Eco Schools Green Flag Award for 2025-2026, a reflection of our ongoing dedication to sustainability and environmental responsibility. Our whole-school approach has focused on three key areas: transport, energy, and litter.

We actively promote greener ways to travel to school, encourage responsible energy use across the site, and work hard to reduce litter and improve cleanliness – making a real difference both in our school and in the wider community.

This achievement has been made possible thanks to the enthusiasm and hard work of our Eco Ambassadors from every year group, supported by staff and volunteers from across the school. With exciting new initiatives already in motion, we are determined to build on our success and secure the Green Flag again in 2026-2027.

Together, we are growing a greener future! 🌍💚

### Wentworth's Eco Code

🌍 **save energy and water**

🌍 **recycle and reuse**

🌍 **bin litter and waste**

🌍 **encourage wildlife**
