MARCH 2023

Dear Parents/Carers,

I wanted to share with you the feedback from the visits of our school governors this term. They have visited every class. And were very impressed with many aspects of our school.

During these visits they have looked at pupils work, displays, break times and the progress the children are making. They found the pupils to be quiet in learning times, polite, and commented that they move in a very orderly manner around the school. The children were focused on their teacher in each lesson and their books showed very neat and well presented work. They were able to talk about how safe they feel in school and discuss the skills, knowledge and vocabulary they had learnt in a range of subjects confidently. The governors were impressed with the wide range of activities each child experiences in a school day and were pleased to see all areas of the school in use e.g. the computing suite, field, pool and food tech room.

The governors were very impressed and wanted to congratulate the pupils and teachers on the very positive visits they had. Well done everyone! Keep this up!
